MCI ELIGIBILITY RULE

As per Medical Council of India (MCI), if you complete your MD / MS from USA, you are not required to appear for any exit exam such as FMGE / MCI Screening Test. The degree of MD or MS acquired from USA is directly valid in India and you can be licensed to practice as MD in India. MCI ELIGIBILITY ISSUES

It was announced by the Health Ministry of India in December 2017 that only NEET Qualified students would be allowed to pursue MBBS Abroad. It means that you would have to qualify NEET in order to get the Eligibility Certificate. In case you are NOT qualified (within top 50% of the students), the only option you have is to settle down abroad.

Since countries such as Russia / Ukraine / China does not offer much attractive options for Medical PG, COGNIZANCE places all its students to Germany. The students generally settle down in Germany after completion of the Medical PG program.

GERMAN BENEFITS

Germany is the strongest economy of Europe and is able to allocate huge funds to the healthcare sector for their non growing population. The quality of life is one of the best among European countries. They have allocated 10% reserved PG seats for international medical graduates. Germany recognizes MCI approved degrees and licenses making it easier for the Indian doctors to have a transition from India to Germany.

Further, learning German language is far more easier for Indians who studied in English since the alphabets are same. COGNIZANCE conducts on-line A1, A2 and B1 level German language coaching classes so that you can be ready for German program.
